# Building the New FEMA

## FEMA's Mission

**Prepare for and lead the Federal Government's response to emergencies and major disasters, natural and man-made, including acts of terrorism — “all-hazards”**

- **Save lives**
- **Protect property**
- **Ensure basic human needs are met**

# Building the New FEMA

## Our Vision

America's preeminent emergency management agency

# Building the New FEMA

## ➤ Opportunity *and* Responsibility

### ***Post-Katrina Emergency Management Reform Act of 2006***

**“The primary mission of the Agency is to reduce the loss of life and property and protect the Nation from all hazards, including natural disasters, acts of terrorism, and other man-made disasters, **by leading and supporting the Nation** in a risk-based, comprehensive emergency management system of preparedness, protection, response, recovery and mitigation.”**

# Building the New FEMA

## Disaster Assistance and Fraud, Waste and Abuse

- Double registration capacity to 200,000 per day
- Double housing inspection capability to 20,000 per day
- Provisions to feed one million people for a week
- Mobile Registration Units
- New technology for identify verification to minimize fraud, waste and abuse
- Conduct assessments of business practices: HR, Finance, Procurement, IT and Facilities

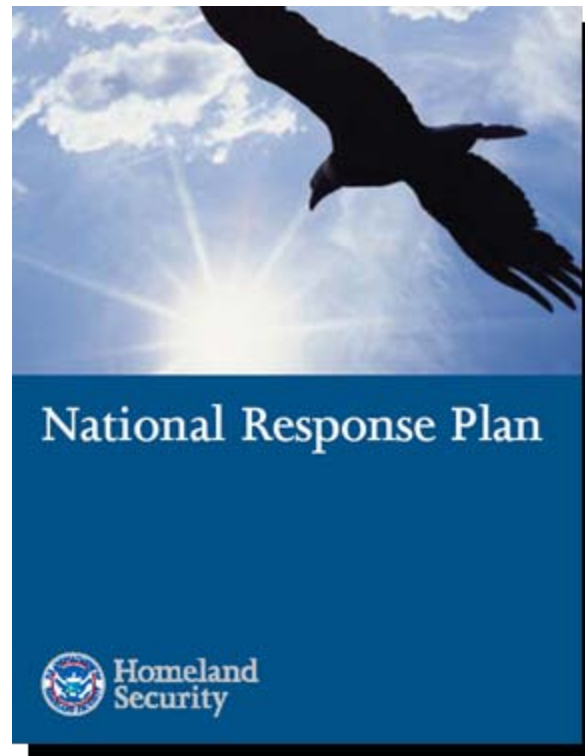

FEMA

# Building the New FEMA

## National Response Plan

# Building the New FEMA

## Logistics Management

- Strategic pre-position plan for commodities
- Transparent visibility and accountability
- Integrate logistics of FEMA and its partners to gain synergies in:
  - Planning/Procurement
  - Pre-positioning/Delivery
  - Shared staging areas
  - Visibility and transparency of commodities and materiel

# Building the New FEMA

## Communications and Disaster operations

- Office of Emergency Communications
- Regional Emergency Communications Working Group
- Lead the assessment and coordinate attainment of Federal and State emergency communications preparedness for disaster response and recovery
- Develop state-of-the-art deployable communications capabilities
- Advocate a national solution to attain interoperable emergency response communications

# Building the New FEMA

## Operational Planning

- Coordinate, synchronize and integrate the federal capabilities
- Engage directly with states to adapt and “characterize” elements of the national planning system
- Integrate the operational plans across federal and state jurisdictions
- Train and build operational planning capability across FEMA and at state and local level

FEMA

# Building the New FEMA

## Preparedness

- Family plans
- FEMA for kids
- 72 hours

- CERT training
- Citizen Corps
- Community awareness

# Building the New FEMA

## FEMA – California Working together

# Building the New FEMA

## In California...

- Map Modernization converts existing paper flood insurance maps to a digital format
- Preliminary maps, scheduled for delivery to all California counties by year's end, will accurately reflect the risk of living behind levees

# Building the New FEMA

## Our Results

# Building the New FEMA

## Our Commitment

Building a culture of  
preparedness

Dedicated commitment in all  
we do

Instill public confidence

Build on State, Local, Tribal  
partnerships

Stewards of tax dollars
